

# Environmental Policy

Measurlabs is a dynamic testing service provider offering streamlined and reliable customer access to more than 900 accredited partner laboratories.

As part of our business strategy and ISO 14001-compliant Integrated Management System (IMS), we are dedicated to preventing climate change, meeting our stakeholder expectations, and committed to continuous improvement using our integrated management system.

Our management is committed to actively promoting our environmental management activities and providing the resources needed to achieve our environmental targets. These targets are annually measured and reviewed.

Our environmental management focal points:

- Complying with all applicable regulatory requirements
- Ensuring environmental and human safety
- Minimizing our business's negative environmental impact
- Continuously improving our internal environmental performance and processes.

This policy is made public and communicated across the organization. It is reviewed annually to ensure it remains appropriate to the changing needs.
